Dear Fellow SWX Stockholders:

On March 28th SWX issued \$400 million of common stock to a handful of handpicked purchasers at \$74 per share despite our public offer to pay \$82.50 to purchase the entire \$400M SWX was offering for sale. That act of selling stock at \$74 (less banker fees) to their “friends” destroyed greater than \$60 million of shareholder value. SWX’s incumbent board and management team have proven over and over that SWX is their company to play with and care nothing for shareholder rights, and basically believe that shareholders are a nuisance and obviously management is accountable to no one.

We sent an update to the Delaware Court of Chancery, informing the Chancellor of the share sale and expressing our fear that SWX would seek to move the record date to allow these new shares to be voted at the upcoming annual meeting in order to illegally swing the vote in favor of the incumbents. SWX responded to our note saying,

“Plaintiffs’ Letter speculates inappropriately about Defendants’ motives and possible future events. The Company and its directors are working diligently to protect and enhance the Company’s value for its stockholders, and the directors will continue to exercise their informed and independent business judgement to achieve those goals.”

SWX avoided the question entirely. They could very easily have said (but did not say) “of course we aren’t moving the record date.” Instead, SWX is playing games and leaving the window open to change the record date to permit these new shares to be voted in the upcoming annual meeting to further entrench themselves and ensure they will not lose the proxy fight.

As most of you know, I have been an activist for more than 40 years. I have seen many Boards act not in the interest of shareholders. But I can honestly say I have never seen anything as corrupt as the recent actions. I have never seen a board so blatantly flaunt the basic premise that they have a fiduciary duty to shareholders. It is frankly scary that they will do anything to ensure that they do not lose their election – “Full speed ahead. Shareholder interests be damned. Do whatever it takes. Hopefully it is legal and won’t destroy the company but do it anyway.”

There must be a law somewhere saying that you can't burn \$60 million of company money simply to make the chance of winning an election higher.

Sincerely yours,

Carl C. Icahn
